Chair's Introduction

A period of change started the Trust's year, and the turmoil of the Covid 19 pandemic struck at the year's end.

The Trust saw a number of Trustees step down in the last year and would like to pay tribute to Bobby Hunter, Jeemie Smith, Keith Massey, Peter Malcolmson, Drew Ratter, Geoffrey Hay and Tom McIntyre for their contribution to making the Trust the robust independent organisation it is today.

We welcomed a new group of high calibre Trustees: Robbie Leask, Ken Harrison, Robert Leask, Ryan Leith, Emma Miller and Alan Ockendon.

During the year, the Trust approved a New Strategic Plan for 2020-25. The key features of this were the new Financial Plan and Disbursement Plan, which showed that the Trust could carefully start increasing its funding due to the success of the Trust's investments. The Disbursement Plan has a new emphasis on tackling inequality and promoting social inclusion (in line with the aims of the Shetland Partnership Plan). We are also looking for more effective data on outcomes from our funded bodies, particularly in the areas noted above. For the first time for many years we are able to invite new organisations to apply for funding.

A sum of £880,000 was earmarked for new bids for 2020/21. We followed a two stage procedure, initially asking for expressions of interest which allowed the staff to both gauge the likely level of demand and also advise those ineligible to avoid the work of putting in a full application (which formed the second stage).

At this moment of optimism the pandemic struck. Apart from an obvious immediate spell of social and economic disruption, nobody can be sure of the longer effect on society both locally in Shetland and in the wider world.

The Trust responded to the crisis in a number of ways. The staff developed an effective means of home working and we used remote meeting technology, so the Trustees could continue their role. We delayed the implementation of the 2020/21 expression of interest grant scheme, both to let our staff adjust to the new procedures and also so that organisations wishing to bid could re-assess their needs and capabilities in the unprecedented circumstances. After several rounds of contact with the funded organisations, we decided to restart the process. It is to the great credit of our staff that they received bids and fully evaluated them to the point where the Trustees made a formal decision at their meeting in July. To support the organisations currently funded, we decided to continue our regular six monthly grant awards despite the fact that many were not able to undertake their normal activities.

Although this overshadows the year as a whole, it would be remiss not to mention other points. The Capital Works Bridging Loan Scheme has been an outstanding success. It involves the Trust making short term bridging finance (interest-free) to local organisations carrying out capital projects attracting grants from major external funders. For the £4 million of loans made by the Trust since the scheme began, approximately £16m of grant income has come to Shetland.

Margaret Roberts is the new Vice-Chair and Chair of the Investment Advisory Committee: I thank her for her support and help throughout the year. Also, Robbie Leask as Chair of the key Audit and Governance Advisory Committee. Our staff have continued to work with dedication, initiative (especially adapting to home and remote working) and good humour. The Trustees give direction, but the staff take credit for how the Trust functions and the high standard of efficiency and governance achieved.

Section 2: Structure, Governance and Management

Governing Document

The current Shetland Charitable Trust (the Trust) was established by a Deed of Trust registered in the Books of Council and Session on 27 September 2012 and updated in 2017, and again in 2019.

The Trust Deed and its schedules:

- appoint Trustees;
- state the charitable purposes of the Trust; and
- set out the powers of the Trustees.

Charitable Status

The Trust appears in the Scottish Charity Register, number SC027025, maintained by the Office of the Scottish Charity Regulator (OSCR). In addition, any tax relief received by the Trust is overseen by HM Revenue and Customs (HMRC). The Trust has to demonstrate to these regulators, that its activities remain charitable and generate public benefit.

Board of Trustees

The Trust has up to twelve appointed Trustees.

Trustee vacancies are advertised and individuals are recruited through an open and transparent process. A Selection Panel, whose work is overseen by the Audit and Governance Advisory Committee, undertakes this process. The Panel's recommendations are then presented to the full Board of Trustees (the Board) for approval.

New Trustees receive a comprehensive induction, and thereafter training is provided as appropriate. From time to time, Trustees receive reports on their roles and responsibilities, in line with guidance from OSCR.

The Board meets at least four times each year to set and oversee the delivery of the Trust's strategy. A list of the Trustees are detailed on page 2 of this report.

A number of advisory committees support the work of the Trust throughout the year. They oversee the work of the Trust and make recommendations to the Board.

Section 2: Structure, Governance and Management (continued)

Audit and Governance Advisory Committee

The Audit and Governance Advisory Committee oversees the systems of internal controls on financial and governance matters, recruitment of Trustees and risk management. It also reviews the draft annual financial statements and considers reports from the Trust's external auditors.

General Purposes Advisory Committee

The General Purposes Advisory Committee oversees the Trust's Strategic and Disbursement Plans. It monitors the service performance of organisations that the Trust provides grant assistance to. It also considers the Trust's public relations and media activities.

Investment Advisory Committee

The Investment Advisory Committee oversees the Trust's Investment Plan and its implementation. It also monitors the performance of external and local investments.

Management and Administration

The Trust is managed and administered by a team of four directly employed staff. The Chief Executive's role is to ensure that the charitable activities carried out by the Trust are in furtherance of its purposes, represent value for money and complement the needs and aspirations of the community. This must all be in accordance with the Trust Deed and the law.

The Chief Executive is also responsible for the effective management of the Trust's investments. This includes ensuring that charitable status is retained and putting in place effective investment policies. Some specialist services are purchased from other providers, under various service level agreements.

The Trust's procedures are governed by a set of Administrative Regulations. This public document has been updated to reflect the changes in administration and is available through the Trust's website, www.shetlandcharitabletrust.co.uk.

Minutes

The public minutes of all meetings of the Board, together with the relevant reports, are available electronically through the Trust's website.

Subsidiary Companies

The Trust has three wholly owned subsidiary companies. The following are the directors of the companies:

Shetland Heat Energy

James Armitage - Chair

and Power Limited (SHEAP)

Allan Wishart Wendy Grant

SC181964

Derek Leask

William Spence (appointed 1 November 2019)

C.T. Shetland (T.M.) Limited is a dormant company whose present purpose is to register and own certification trademarks, for example knitwear trademarks.

C. T. Shetland (T.M.) Limited

Keith Massey (resigned 31 May 2019)

SC072648

Jolene Garriock (appointed 1 June 2019)

SCT Renewables Limited has a 90% interest in Viking Energy Shetland LLP 'the Shetland Partner' in the Viking Energy Partnership.

SCT Renewables Limited

SC256581

James Smith (resigned 31 May 2019) Ian Napier (appointed 1 June 2019)

Section 2: Structure, Governance and Management (continued)

Risk Management

The Board is responsible for the risks faced by the Trust.

The Trust has a risk management process designed to identify the major risks that could impact on the aims of the Trust's Strategic Plan. This process identifies the major risks the Trust faces, the likelihood of occurrence, the significance of the risk, and any mitigating controls that are in place. It also seeks to identify any actions and resources required to manage these risks further.

The Audit & Governance Advisory Committee has overall responsibility for the management of the risk assessment process. Each of the Advisory Committees ensures the risks associated with their terms of reference are reviewed regularly to identify the steps required to mitigate these risks. All recommendations from the Advisory Committees are reported annually to the Board for consideration and approval.

Trustees approved the risk assessment for 2019/20 on 27 February 2020. The five strategic key risks are:

No.	Risk	Current Risk Level	Lead Committee
1	Governance	Amber	Audit & Governance Advisory Committee
2	Reputational	Amber	General Purposes Advisory Committee
3	Investment	Amber	Investment Advisory Committee
4	Disbursement	Green	General Purposes Advisory Committee
5	Strategic Direction	Amber	General Purposes Advisory Committee

Disclosure of information to auditor

The Trustees who held office at the date of approval of this Trustees' report confirm that, so far as they are each aware, there is no relevant audit information of which the Trust's auditor is unaware, and each Trustee has taken all steps that he/she ought to have taken as a Trustee to make himself/herself aware of any relevant audit information and to establish that the Trust's auditor is aware of that information.

Section 3: Objectives and Activities

The purpose of the Trust is to use its available funds to benefit and improve the quality of life of all people living in Shetland, and to preserve the Trust reserves for future generations.

In 2019, the Trust launched its Strategy 2020-25. The Strategy set out the Trust's aims and objectives for the next five years.

Ambition

Over the period 2020-2025, the Trust will seek to use its funding:

- To improve the quality of life for all the people of Shetland;
- To achieve a positive impact against the Trust Strategic Objectives through its disbursement decisions;
- To promote inclusion and reduce inequalities in Shetland;
- To demonstrate the impact and outcomes of Trust funding.

The Trust will continue to improve the quality of life for the people of Shetland. The Trust will target its funding where impact, positive change and outcomes, can be demonstrated and shown to be delivered.

Section 3: Objectives and Activities (continued)

Objectives

The strategic objectives of the Trust 2020-2025 are:

- To enhance provision of services and activities, aligned to the Trust's ambition, and beyond the
 obligation of statutory services;
- To support the services and activities provided by the three large Trusts in Shetland;
- To support voluntary sector services in Shetland;
- To support, if appropriate, the core revenue costs of organisations where there is difficulty in sourcing alternative external funding to maintain or enhance the services provided.

The ambition to promote inclusion and reduce inequalities in Shetland will be a central theme for the Trust over 2020-2025, across all its funding commitments.

Operational Plans

The Strategy has informed the development of the operational plans for 2020-25. These are the Financial Plan, the Disbursement Plan and the Investment Plan covering the period 2020-25. Details of these plans are available on the Trust website.

Financial Objectives

Trustees have agreed to continue with the long-term financial strategy preserving the value of reserves against inflation, and therefore limits annual expenditure to the average growth on the investments above inflation.

In 2019, Trustees approved a new Financial Plan to run from 1 April 2020 to 31 March 2025. The Financial Plan uses the average investment growth above inflation on the Trust's reserves to support annual expenditure. This enables the reserves preserved against inflation to be passed to future generations, aligned to the purpose of the Trust. Annual expenditure is dependent on the assumed rate of return on the Trust investments for the Strategy period, whilst also ensuring that the Trust fund is protected against adverse investment returns over the period.

For the Strategy period 2020-2025 a rate of return on the Trust investments above inflation of 3.5% per annum is assumed. A budget of £10 million has been set for the year to 31 March 2021 in line with the Financial Plan.

Budgets and Disbursements

Each year the Board adopt a budget for the incoming financial year. Details of the budget approved by Trustees are given in column one of the tables on page 8, with details of the actual spend in column two, and a comparison with the previous year in column three.

The disbursements made in 2019/20 were the final agreed budgets for the Disbursement Plan 2015 -20. In 2019, Trustees approved a new Disbursement Plan to run from 1 April 2020 to 31 March 2025. Over the Trust's Strategy period 2020-2025, it is the intention of the Board that the funds are able to support applications, which align to the purpose and strategic objectives of the Trust. The Trust will operate a Main Grant Scheme for larger organisations and a Small Grant Scheme for smaller organisations and individuals.

Section 4: Achievements and Performance

During the year to 31 March 2020, the Trust provided grant assistance to the following organisations towards the cost of providing a range of social, leisure, cultural, heritage and environmental activities:

- Shetland Recreational Trust The grant assists with the cost of providing leisure and sports facilities at locations throughout Shetland.
- Shetland Amenity Trust The grant provides core and project funding to support Shetland's Heritage and Culture.

Section 4: Achievements and Performance (continued)

- Shetland Arts Development Agency The grant goes towards meeting some of the core and project costs of promoting, developing and delivering activities in the fields of dance, drama, theatre, film, literature, music, crafts and visual arts.
- Rural Care Model The funding is used to add value to the community care provided in Shetland, to a level of service over and above that which would normally be provided by a local authority.
- Ability Shetland The grant supports the running costs of the Adult Recreation Club and contributes to the costs of delivering their Social and Yoga Clubs.
- **COPE Ltd** The grant contributes to the core costs of the organisation to allow it to provide focused placements, training, support and employment opportunities to adults with learning and/or physical disabilities.
- **Dunrossness Inter-Church Fellowship** The grant supports the organisation to provide care/welfare services and activities in the community.
- Royal Voluntary Service The grant funds much of the core costs of providing a range of community projects for elderly and disabled people in Shetland.
- Shetland Befriending Scheme The scheme provides young people with an opportunity to form a trusting relationship with an adult, to promote the young person's welfare and personal development.
- Shetland Islands Citizens Advice Bureau The grant is used towards the core costs of providing a general information advice service.
- Shetland Link Up The grant funds the core costs of the organisation enabling it to provide an informal meeting place to support people who are affected by mental health problems.
- Shetland Samaritans The funding supports the organisation to provide care/welfare services and activities in the community.
- Voluntary Action Shetland The grant contributes to the core costs of providing a central point for advice and information to the voluntary sector in Shetland and the operation and maintenance of Market House.

The Trust allows organisations that it funds to hold up to 3 months grant, as reserves, for unforeseen items and to help with cash flow.

The Trust has worked with the organisations funded to develop a system of service performance reporting. Trustees considered a progress report on service performance in September 2019, which set out, in detail, how the Trust's money makes a difference to people and communities. Overall, Trustees were content that most organisations were performing satisfactorily against their stated targets.

The Trust also supported two charitable schemes, as set out below:

- Arts Grant Scheme This scheme is designed to assist and support individuals aged under 18
 and/or community groups who are working with those aged under 18, or carrying out projects
 that are for the benefit of people aged under 18 with a wide range of arts genres, development
 projects and activities.
- Senior Citizens Clubs This scheme supports senior citizens clubs throughout Shetland with a programme of activities.

The Trust also operates a Capital Works Bridging Loan Scheme, which provides short-term bridging finance to community organisations undertaking capital projects. The scheme was established in 2010 to provide interest free loans to organisations that had secured funding from the EU, National Government sources or large charitable funders, but were only able to claim their grants on completion of the capital works. The scheme helps avoid any potential cash flow problems and allows community projects to go ahead.

Over the year, the Trust has approved bridging loans to seven organisations totalling £792,769, with repayments due as they receive their grants. These loans facilitated projects totalling £1,073,311 to take place. Funding also contributes to the maintenance and upkeep of a wide range of community assets, constructed through capital grants made by the Trust in the past. The facilities and assets include leisure facilities and care centres across Shetland, Shetland Museum and Archives and a variety of offices and other buildings for local charities.

Section 4: Achievements and Performance (continued)

Total	8,020,777	7,941,140	8,261,995
			

Total charitable expenditure and administration costs are shown before adjustment for pension adjustments under FRS 102 totalling £93,000.

Section 5: Financial Review

Financial Policies

The policy of the Board is to invest the reserves of the Trust to generate income to support charitable expenditure and to maintain the real value of the reserves in the long term. The current value (as at 31 March 2020) of the Trust's reserves that are invested to generate income (i.e. not the 'Donated Properties') is around £301 million (2019 - £294 million).

The Trust relies chiefly on funds generated by investments on the world's markets. Around £13 million was generated in 2019/20. This includes growth in value of the investments as well as dividend income received. In 2019/20, around £0.8 million income was derived from investments in Shetland.

The Trust Deed does not require the Trust to distinguish between revenue and capital (income or expenditure), and all of the Trust's funds are unrestricted. These two things together mean that although the general funds and pension reserve are shown as being in deficit in the financial statements, there are no practical consequences flowing from this.

The Trust seek to minimise risk through diversification within its investments and take advice, as appropriate, in determining the mix of asset types. Trustees are free to determine how to apply their Unrestricted Reserves in a manner consistent with the Trust objectives and in line with its Financial Plan.

Review of Spending

During 2019/20 the Trust spent £9.1 million (2019 - £9.5 million) on grant making, support costs and expenditure on raising funds, in line with the approved budget for the year. Grant making expenditure for the year was £7.3 million (2019 - £7.7 million). The agreed budget to support grant applications for 2020/21 is £8.2 million.

Investment Review

The Trust's capital is invested by the Board externally with four fund managers and locally in three subsidiary companies. The Trust also receives rental income from the land at the Sullom Voe terminal.

Externally Managed Investments

The market value of the Trust's external investments is £300.7 million (2019 – £282.0 million). Over the year, £9.8 million was invested by the Trust with Schroders. This was held as cash in 2019. A breakdown of the Trust's external investments is detailed below:

Manager	Mandate	Market Value 2020 (£m)	Market Value 2019 (£m)
Baillie Gifford	Active Equities	152.1	127.6
BlackRock	Passive Equities	70.2	84.4
Schroders	UK Property	50.9	41.0
Insight	Diversified Growth	27.5	29.0
 Total	***	300.7	282.0

The growth in value of the investments as well as dividend income received, generated around £13 million (net of new investment) over the year (2019 - £29 million). This equates to a return of 4.6% (2019 - 11.5%).

Until the last week of February 2020, there was a significant growth in the value of Trust investments over the year, particularly from equities. The onset of the COVID 19 health crisis in February and March 2020, caused markets to drop dramatically, with falls of around 30% in equity markets around the world. Despite this dramatic fall, the Trust achieved a positive return on its external investments over the year.

Section 5: Financial Review (continued)

The Trust's Financial Plan 2020-25 assumes a medium term return of 6.5% per annum. This is the return the Trust seeks over the medium term to meet its planned expenditure and to preserve the value of reserves in real terms.

The Trust also agrees a benchmark return for each fund manager to assess their performance against. Detailed below is the overall returns achieved against benchmark:

Annualised Performance over	Actual Return %	Benchmark Return %	Over/ (Under) Performance %
1 Year	4.6	(7.2)	11.8
3 Years	9.0	1.1	7.9
5 Years	9.1	4.7	4.4

Overall, the Trust's external investments have exceeded the benchmark return for each period and have met the Financial Plan assumed return over the medium term.

Local Investments

Shetland Heat Energy and Power Limited (SHEAP) is a wholly owned subsidiary of the Trust, set up to operate the Lerwick District Heating Scheme. SHEAP has over 1200 customers receiving heat and the company generated income of around £2.7 million in 2019/20. SHEAP recorded a small profit in 2019/20 and made a gift aid payment of £190,000 to the Trust in July 2020 for the financial year.

SCT Renewables Limited is a 100% owned subsidiary of the Trust. Viking Energy Shetland LLP is a 90% owned subsidiary of SCT Renewables Limited and the Trust has invested £10.0 million as at 31 March 2020. It is a partner in the Viking Energy project which is investigating a wind farm project in central Shetland.

C.T. Shetland (T.M.) Limited does not trade. The purpose of the company is to register and own certification trademarks, for example, the knitwear trademark known as *The Shetland Lady*.

Decisions about Investments

When the Board make decisions about investing the Trust's capital, the law requires them to seek appropriate advice and act as reasonably prudently as commercial investors would. An investor is concerned with various criteria when investing money; these include rate of return (dividends / income / rent / interest earned), capital growth, and the level of risk. This applies whether the investments are on a Stock Exchange, or when they involve local assets. Investment, wherever it is made, involves using Trust funds wisely to produce income and to increase the value of those funds. To do this properly the Trust has to act commercially. It cannot "act charitably" towards its investments.

The Trust's Investment Plan 2020–25 was agreed in 2019 and is based on 75% in shares, 15% in property and 10% in a diversified portfolio of assets. The Plan was originally approved in 2016 and reviewed in 2018/19. The Plan seeks to maintain diversification whilst increasing average returns in the long term.

Section 6: Plans For The Future

The Trust is currently implementing its strategy for 2020 to 2025. The Strategy 2020-2025, sets out the Trust's ambition, objectives and priorities for the period. The Strategy and the associated Financial, Disbursement and Investment Plans for the period were approved in September 2019.

For 2020/21, the Trust has opened up its Main Grant Scheme to new applications. In this transition year, applications have been sought for one year funding. From 2021/2022, applications will be sought for a maximum of four years funding. In addition, during 2020/21 a revised Small Grant Scheme will be developed for funding for 2021/22 and beyond.

Ades B. Cope

A B Cooper Chair

17 September 2020

Statement of trustees' responsibilities in respect of the trustees' annual report and the financial statements

Under charity law, the trustees are responsible for preparing a Trustees' Annual Report and financial statements for each financial year which show a true and fair view of the state of affairs of the group and the charity and of the group's and the charity's excess of income over expenditure for that period. The trustees have elected to prepare the financial statements in accordance with UK Accounting Standards, including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

In preparing these financial statements, generally accepted accounting practice entails that the trustees:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether the recommendations of the Statement of Recommended Practice have been followed, subject to any material departures disclosed and explained in the financial statements;
- state whether the financial statements comply with the trust deed, subject to any material departures disclosed and explained in the financial statements;
- assess the group and the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the group or the charity or to cease operations, or have no realistic alternative but to do so.

The trustees are required to act in accordance with the trust deed and the rules of the charity, within the framework of trust law. They are responsible for keeping proper accounting records, sufficient to disclose at any time, with reasonable accuracy, the financial position of the charity at that time, and to enable the trustees to ensure that, where any statements of accounts are prepared by them under the Charities and Trustee Investment (Scotland) Act 2005, and the Charities Accounts (Scotland) Regulations 2006 (as amended), those statements of accounts comply with the requirements of regulations under that Act. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the charity and to prevent and detect fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the financial and other information included on the charity's website. Legislation in the UK governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF SHETLAND CHARITABLE TRUST

Opinion

We have audited the financial statements of Shetland Charitable Trust (the 'charity') and its subsidiaries (the 'group') for the year ended 31 March 2020 which comprise the Consolidated Statement of Financial Activities, the Trust Statement of Financial Activities, the Consolidated Balance Sheet, the Trust Balance Sheet, the Consolidated Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the charity's affairs as at 31 March 2020 and of the group's and the charity's incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities and Trustee Investment (Scotland) Act 2005 and regulations 6 and 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended).

Basis for opinion

We have been appointed as auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and report in accordance with regulations made under that Act.

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group and the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's and the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Shetland Charitable Trust Trustees' report and consolidated financial statements For the year ended 31 March 2020

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Accounts (Scotland) Regulations 2006 (as amended) require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities, set out on page 12, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the group's and the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the group or charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at http://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005, and regulation 10 of the Charities Accounts (Scotland) Regulations 2006 (as amended). Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and its trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Trust's financial statements.

1.1 Basis of preparation

The financial statements have been prepared under the historical cost accounting rules, as modified by the revaluation of investments and in accordance with the provisions of the Trust Deed, the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 and the Statement of Recommended Practice Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (as amended for accounting periods on or after 1 January 2019).

The financial statements are prepared in sterling, which is the functional currency of the group and charity. Monetary amounts in these financial statements are rounded to the nearest £1,000. Shetland Charitable Trust meets the definition of a public entity under FRS 102. The financial statements have been prepared in compliance with FRS 102. Assets and liabilities are initially recognised at historic cost or transaction value unless otherwise stated in the relevant accounting policy note.

Shetland Charitable Trust has three 100% owned subsidiary companies which are trading. The Trust and its subsidiaries are considered qualifying entities under FRS 102 paragraphs 1.8 to 1.12. The following exemptions are available:

- No separate Trust Cash Flow Statement with related notes is included;
- Key Management Personnel compensation has not been included a second time;
- The disclosures required by FRS 102.11 Basic Financial Instruments.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

Judgements made by the trustees, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year are discussed in Note 19. The charity's business activities, together with the factors likely to affect its future development, performance and position are set out in the Trustee's Report on pages 2 to 11. The financial position of the charity, its cash flows, liquidity position and borrowing facilities are described in the Trustee's Report on pages 15 to 19. In addition, pages 9 to 10 of the financial statements include the charity's objectives, policies and processes for managing its capital; its financial risk management objectives; details of its financial instruments; and its exposures to credit risk and liquidity risk.

The charity has considerable financial resources together with long-term investments with a number of fund managers across different geographic areas and industries. As a consequence, the Trustees believe that the charity is well placed to manage its business risks successfully despite the current uncertain economic outlook.

The Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

1.2 Basis of consolidation

These financial statements consolidate the assets and liabilities of the charity and its subsidiaries, Shetland Heat Energy and Power Limited, SCT Renewables Limited (formerly known as Viking Energy Limited) and Viking Energy Shetland LLP, on a line by line basis. The income and expenditure of these subsidiaries are also consolidated on a line by line basis, where appropriate.

In accordance with FRS 102, gift aid payments are accounted for in the subsidiary undertakings in the year in which an irrevocable commitment to make a payment has been made.

1 Accounting policies (continued)

1.2 Basis of consolidation (continued)

All intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Any non-controlling interest in subsidiaries is recognised at the non-controlling interest's share of the net assets at acquisition date adjusted for their share of losses to date.

1.3 Fund accounting

All funds of the Trust are unrestricted, to be used in accordance with the charitable objectives of the Trust at the discretion of the trustees. The expendable endowment represents the long-term investment funds of the Trust. The unrestricted income funds include the Trust's general funds, which represent the annual operating funds of the Trust, and the trading funds.

The trading funds represent the accumulated results of Shetland Heat Energy and Power Limited, SCT Renewables Limited and Viking Energy Shetland LLP, adjusted to remove gift aid payments to the Trust by those companies.

1.4 Income and endowments from other trading activities and rental income

Turnover in Shetland Heat Energy and Power Limited represents the amounts (excluding value added tax) derived from the supply of hot water for heating systems and arises entirely in the United Kingdom.

Turnover in SCT Renewables Limited represents miscellaneous income only as the company is not yet trading fully. Turnover in Viking Energy Shetland LLP represents the amounts recoverable for the services provided to clients.

Investments

Dividends are included within incoming resources when they are receivable. Loan interest is included in the statement of financial activities on an accruals basis.

1.5 Expenditure

Charitable expenditure is recognised when it is payable. The Trust has given commitments to certain charitable bodies to provide ongoing revenue funding and to finance various capital projects. In view of the long-term nature of these commitments which are subject to review, combined with the uncertainty as to the amounts involved, these commitments are accounted for only when irreversible decisions on funding are communicated to the charitable bodies.

Support costs are directly attributable to the Trust's charitable activities and are recorded within the "charitable activities" section of resources expended in the statement of financial activities.

Cost of generating funds

The cost of generating funds represents fund managers' fees.

Governance costs

Governance costs comprise the costs associated with the Trust's compliance with charity regulation and good practice and include related professional fees.

1.6 Basic financial instruments

Trade and other debtors/creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

1 Accounting policies (continued)

1.6 Basic financial instruments (continued)

Investments in preference and ordinary shares

Investments in equity instruments are measured initially at fair value, which is normally the transaction price. Transaction costs are excluded if the investments are subsequently measured at fair value through profit and loss. Subsequent to initial recognition investments that can be measured reliably are measured at fair value with changes recognised in profit or loss. Other investments are measured at cost less impairment in profit or loss.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Trust's cash management are included as a component of cash and cash equivalents for the purpose only of the cash flow statement.

1.7 Grants

Capital based grants received by the Trust's subsidiary undertakings are included within accruals and deferred income on the balance sheet and credited to activities for generating funds over the estimated useful economic lives of the assets to which they relate.

1.8 Investments

Managed fund investments are stated at market value. Realised and unrealised gains and losses arising on these investments are taken to the expendable endowment and are included within other recognised gains and losses in the statement of financial activities. Where investments are transferred between investment managers, an amount equal to the unrealised gains or losses on the investments as at the time of transfer is taken to the expendable endowment.

Investments in subsidiary undertakings are stated at cost less provisions. Any provisions made against these investments are charged to the expendable endowment.

1.9 Tangible fixed assets and depreciation

All expenditure incurred on tangible fixed assets is capitalised irrespective of its value (i.e. there is no minimum level above which assets purchased are capitalised). Tangible fixed assets are capitalised at cost.

Depreciation is charged to the expendable endowment to write off the cost or valuation less the estimated residual value of tangible fixed assets by equal instalments over their estimated useful economic lives as follows:

Buildings - 7 to 10 years
Fixtures and fittings - 3 to 5 years
Plant and machinery - 10 years
District Heating Infrastructure - 30 years

The asset value of the Sullom Voe site is being depreciated over its estimated remaining economic life of ten years commencing 1 April 2012. The depreciation is charged to the expendable endowment.

Where the recoverable amount of a tangible fixed asset is found to be below its net book value, the asset is written down to its recoverable amount and the loss on impairment is charged to the relevant resources expended category in the statement of financial activities.

1.10 Investment properties

The Trust hold no investment properties.

1 Accounting policies (continued)

1.11 Taxation

The Trust is considered to pass the tests set out in Paragraph 1 Schedule 6 Finance Act 2011 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the Trust is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 Corporation Tax Act 2011 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes. There is no similar exemption for VAT.

Tax on the profit or loss of subsidiaries for the year comprises current and deferred tax. Tax is recognised in the statement of financial activities except to the extent that it relates to items recognised directly in equity or other recognised gains and losses, in which case it is recognised directly in equity or other recognised gains and losses.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. In the latter case the tax rate that is expected to apply to the reversal of the related difference is used. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that is it probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

1.12 Employee benefits

Defined benefit plans

The Trust participates in the Local Government Pension Scheme administered by Shetland Islands Council. This scheme provides benefits based on final pensionable pay. The assets of the scheme are held separately from those of the Trust in an independently administered fund.

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Trust's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The fair value of any plan assets is deducted. The Trust determines the net interest expense/(income) on the net defined benefit liability/(asset) for the period by applying the discount rate as determined at the beginning of the annual period to the net defined benefit liability/(asset) taking account of changes arising as a result of contributions and benefit payments.

The discount rate is the yield at the balance sheet date on AA credit rated bonds denominated in the currency of, and having maturity dates approximating to the terms of the Trust's obligations. A valuation is performed annually by a qualified actuary using the projected unit credit method. The Trust recognises net defined benefit plan assets to the extent that it is able to recover the surplus either through reduced contributions in the future or through refunds from the plan.

1 Accounting policies (continued)

1.12 Employee benefits (continued)

Defined benefit plans

Changes in the net defined benefit liability arising from employee service rendered during the period, net interest on net defined benefit liability, and the cost of plan introductions, benefit changes, curtailments and settlements during the period are recognised in profit or loss.

Remeasurement of the net defined benefit liability/asset is recognised in other recognised gains and losses in the period in which it occurs.

1.13 Stock

Stocks are valued at the lower of cost and estimated selling price less costs to complete and sell.

1.14 Cash and cash equivalents

Cash, for the purpose of the cash flow statement, comprises cash in hand and deposits repayable on demand, less overdrafts payable on demand.

Liquid resources are current asset investments which are disposable without curtailing or disrupting the business and are either readily convertible into known amounts of cash at or close to their carrying values or traded in an active market. Liquid resources comprise term deposits of less than one year.

2 Cost of activities in furtherance of the charity's objects

Charitable activities

The group's charitable expenditure, which mainly comprises grants payable in respect of the year, is summarised below:

General funds	2020 £000	2019 £000
Payments to charitable organisations Schemes Charitable grants repaid	7,311 10 (3)	7,686 16 (3)
Total charitable grants Support costs, including governance costs (below) Pension adjustments	7,318 623 93	7,699 563 76
Total charitable expenditure – general funds	8,034	8,338
Expendable endowment Depreciation	75	75
Total resources expended on charitable activities	8,109	8,413

Some payments from the Arts Grant Scheme are made to individuals. All other grants are payable to organisations. Further details of the group's charitable expenditure are included in Section 4 of the Trustees' Report.

Support costs

Support costs for the year of £520,000 (2019: £423,000) principally represent administration expenses and are all deemed to be attributable to the group's charitable activities. Included within administration expenses is £283,166 (2019: £250,369) in respect of staff costs (see note 3), of which nil (2019: £nil) was charged to subsidiaries.

2 Cost of activities in furtherance of the charity's objects (continued)

Governance costs

Governance costs totalling £103,000 (2019: £140,000) comprise the costs associated with the Trust's compliance with charity regulation and good practice. They include £32,000 (2019: £31,000) representing an appropriate apportionment of salary costs based on the proportion of the Chief Executives time spent on governance, together with Trustees' expenses (note 3), and audit fees (note 2) of £18,000 (2019: £26,000).

	Group a Total 2020 £000	nd charity Total 2019 £000
Allocation of staff and support costs, including Trustees' allowance and expenses (see note 3)	32	31
Other costs External auditor's remuneration:	52	83
Audit of these financial statements	18	26
Audit of subsidiary undertakings (excluded from charitable governance costs)	15	14
Other services: taxation in relation to subsidiary undertakings	5	9
Total governance costs	122	163

3 Staff numbers and costs

The group had an average of fourteen employees during the year (2019: fifteen). The aggregate payroll cost of these employees was as follows:

	£000	2019 £000
Wages and salaries Social security costs Pension costs	664 67	613 63
Pension costs	115 ———	69
	846 	745

Employee costs totalling nil (2019: £nil) were charged by Shetland Charitable Trust in respect of work performed by its subsidiary companies. Nine employees worked wholly or mainly on Shetland Heat Energy and Powers Limited's activities during the year. One employee worked part-time on SCT Renewables Limited's activities during the year. One employee worked wholly or mainly on Viking Energy Shetland LLP during the year.

One employee (2019: nil) received emoluments totalling between £120,000 and £129,999. One employee (2019: two) received emoluments totalling between £80,000 and £89,999. Retirement benefits are accruing to these members of staff under a defined benefit pension scheme; contributions in 2019/20 totalled £69,290. One employee received emoluments totalling in excess of £60,000 in the current or previous financial year.

Included above are the emoluments paid to key management personnel comprising four employees totalling £334,969 (2019: five employees totalling £376,853) including £35,238 (2019: £34,333) in social security costs and £83,222 (2019: £38,005) in pension contributions.

Expenses totalling £505 (2019: £2,605) were reimbursed or paid on behalf of two trustees (2019: three trustees) during the year.

At 31 March 2019	248	3,609	1,000	4,857

Land and buildings primarily consist of the site at Sullom Voe, plus the six rural care homes, previously operated by Shetland Welfare Trust, and donated to the Trust in 2007. The rural care homes had been previously funded by the Trust and the capital grant conditions applied to the funding to Shetland Welfare Trust required any building owned by Shetland Welfare Trust to be transferred to the Trust when Shetland Welfare Trust ceased to operate (effectively 1 April 2006). These are specialised buildings in rural locations in Shetland without comparators, which mean that it is not possible to establish a meaningful valuation for them in their present use. The Trustees therefore capitalised them at original cost, in line with the Trust's accounting policy for tangible fixed assets, which they believed to be a reasonable indication of their value at the date they were donated. The buildings continue to be used as care homes, in furtherance of the Trust's charitable objects, and as such are not held for investment purposes.

The net book value of other tangible fixed assets relates to plant and machinery, fixtures and fittings held by Shetland Heat Energy and Power Limited.

6 Programme-related investments (continued)

As stated in note 1, these consolidated financial statements include the results of the charity's wholly owned trading subsidiaries, Shetland Heat Energy and Power Limited (SHEAP) and SCT Renewables Limited (SCT R) and also those of Viking Energy Shetland LLP (VES), over which the Trust has a controlling interest of 90%. The trading results of these companies are summarised below:

	2020 SHEAP £000	2020 SCT R £000	2020 VES £000	2020 Total £000	2019 Total £000
Turnover Cost of sales	2,676 (1,434)	-	376	3,052 (1,434)	3,796 (1,386)
Gross profit	1,242	-	376	1,618	2,410
Administration expenses	(1,053)	(4)	(516)	(1,573)	(1,380)
Depreciation on investment properties Provision made against equity investment	-	(125)	-	(125)	(260) (31)
Operating profit/(loss) Gain on disposal of investment	189	(129)	(140)	(80)	739 4
properties Interest receivable and similar income	7	-	1	8	10
Profit/(loss) on ordinary activities before taxation Tax on profit/(loss) on ordinary activities	196 (39)	(129)	(139) -	(72) (39)	753 (13)
Profit/(loss) on ordinary activities after taxation being profit/(loss) for	157	(129)	(139)	(111)	740
the financial year Gift aid payment to Shetland Charitable Trust	-	·	-	-	(3,354)
Retained (loss)/profit for the year after Gift Aid payment	157	(129)	(139)	(111)	(2,614)

Consistent with the current guidance, the Directors now consider the Gift Aid payment to be akin to a distribution rather than an expense, and as a result have now presented it outside of the profit and loss account as an adjustment to profit taken to retained earnings.

6 Programme-related investments (continued)

The expenditure of the companies, as recorded in the consolidated statement of financial activities, is analysed as follows:

	2020 Total £000	2019 Total £000
Cost of sales	1,434	1,386
Administration expenses	1,573	1,380
Revaluation of investment properties	-	-
Depreciation on investment properties	-	260
Tax charge on profit on ordinary activities	39	13
Profit on disposal of investment properties	-	(4)
Interest receivable and similar income	(8)	(10)
	3,038	3,025

The assets and liabilities of the subsidiaries before consolidation were:

	2020 SHEAP £000	2020 SCT R £000	2020 VES £000	2020 Total £000	2019 Total £000

The group trading funds balance now represents the accumulated surplus on the Trust's subsidiary company undertakings, while the group and charity general fund balances have been brought into alignment.

Charles.

14 Operating leases

Group

Non-cancellable operating lease rentals are payable as follows:

Tron carrocalable operating lease remais are payab	2020 £000	2019 £000
Less than one year	18	16
Between one and five years	60	59
More than five years	211	204
	289	279
		

During the year £17,677 was recognised as an expense in the consolidated statement of financial activities in respect of operating leases (2019: £17,000).

15 Commitments

Capital commitments

Shetland Heat Energy and Power Limited's contractual commitments to purchase tangible fixed assets at the year-end were £19,238 (2019: £Nil),

16 Subsequent Events

There were no subsequent events post the balance sheet date and prior to the date of signing these accounts that would have a material impact on the results reported or the financial position of the group.

17 Pension scheme

The Trust participates in the Shetland Islands Council Pension Fund which provides benefits based on final pensionable pay. The assets of the scheme are held separately from those of the Trust. The information disclosed below is in respect of the Trust's share of the assets and liabilities throughout the periods shown.

The latest full actuarial valuation was carried out at 31 March 2018 and was updated for FRS 102 purposes to 31 March 2020 by a qualified independent actuary.

	2020 £000	2019 £000
Net pension liability defined benefit obligation Fair value of plan assets	(4,440) 2,920	(5,036) 3,216
Unfunded defined benefit obligations	(1,520) (128)	(1,820) (152)
Net pension liability	(1,648)	(1,972)
		

17 Pension scheme (continued)

Movements in present value of defined benefit obligation:

	2020 £000	2019 £000
At 1 April Current service cost Interest cost Actuarial losses/(gains)	5,188 87 124 (724)	4,702 70 126 397

	2020 £000	2019 £000
Current service cost Interest cost	(87) (48)	(70) (45)
Total	(135)	(115)
The expenditure is recognised in the following line items in the sta	tement of financi	al activities:
	2020 £000	2019 £000
Charitable activities – support costs	(135)	(115)

17 Pension scheme (continued)

The total amount recognised in the other recognised gains and losses section of the statement of financial activities are as follows:

	2020 £000	2019 £000
Actuarial gains/(losses) Return on assets attributed to the Charity excluding interest income	724 (307)	(397) 162
	417	(235)
The fair value of the plan assets and the return on those assets were	as follows:	
	2020	2019
	Fair value	Fair value
	£000	£000
Equities	2,278	2,541
Corporate bonds	234	257
Property	350	386
Cash	58	32
	2,920	3,216
Actual return on plan assets	(231)	243

The expected rates of return on plan assets are determined by reference to the historical actual returns on the fund as provided by the administering authority and index returns where necessary.

Principal actuarial assumptions (expressed as weighted averages) at the year end were as follows:

	2020 %	2019 %
Discount rate	2.3	2.4
Future salary increases	2.4	3.1
Inflation / pension increase rate	1.9	2.4

In valuing the liabilities of the pension fund at 31 March 2020, mortality assumptions have been made as indicated below. The assumptions relating to longevity underlying the pension liabilities at the balance sheet date are based on standard actuarial mortality tables and include an allowance for future improvements in longevity. The assumptions are equivalent to expecting a 65-year old to live for a number of years as follows:

Current pensioner aged 65: 21.4 years (male), 23.2 years (female).

Future retiree upon reaching 65: 22.7 years (male), 25.0 years (female).

The Trust expects to contribute approximately £36,000 (2019: £33,000) to its defined benefit plans in the next financial year to 31 March 2021.

18 Related parties

In the year to 31 March 2020 the SCT Renewables Limited invested Nil (2019: £675,000) in Viking Energy Shetland LLP in which SCT Renewables Limited is a 90% partner.

On 22 July 2020, the Board of Shetland Heat Energy and Power Limited agreed to pay £190,000 by way of a gift aid payment to the Trust in respect of their profits for 2019/20.

In the normal course of business, some of the Trustees are appointed as directors or as Trustees of other organisations and charitable bodies within the Shetland Islands, including those which the Trust may from time to time transact with, either through routine business or in the provision of charitable grants. These relationships are not considered to be related party transactions as in no instance is the level of mutual trustees such as to provide direct or indirect control, or to place the Trustees in a position where they are able to provide influence over the financial and operating policies of the other organisations.

There are no outstanding amounts owed to/by related parties.

19 Accounting estimates and judgements

Key sources of estimation uncertainty

The preparation of the financial statements requires Trustees and directors of the subsidiary companies to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis.

Critical accounting judgements in applying the Company's accounting policies

The Trustees believe that major judgements are applied around depreciation and pension valuation assumptions.

The Trust participates in the Shetland Islands Council Pension Fund which provides benefits based on final pensionable pay. The assets of the scheme are held separately from those of the Trust. In valuing the liabilities of the pension fund and the Trust's share of the scheme assets at 31 March 2020, assumptions have been made. The latest full actuarial valuation was carried out at 31 March 2018 and was updated for FRS 102 purposes to 31 March 2020 by a qualified independent actuary. The assumptions used are consistent with those prescribed for FRS 102.

The directors of Shetland Heat Energy and Power Limited believe that the major judgements applied are around the PPE, depreciation rates and bad debt provision. The company exercises judgement to determine useful lives and residual values of property, plant and equipment. The assets are depreciated down to their residual values over their estimated useful lives. The company exercises judgement in levels of bad debt provisions required based on its knowledge of customers and past experience.
